TRANSGALACTIC

James Gunn

The much anticipated sequel to 'Transcendental' and latest space opera from the Grand Master of SF

Praise for James Gunn:

"...an enjoyable read...All in all, of interest to most readers, and those looking for more 'classic' exercises in the genre may particularly enjoy it."

—*Booklist*, on *Transgalactic*

"A tight, fierce novel from one of the field's giants." —Robert J. Sawyer, Hugo Award-winning author, on *Transcendental*

"[Gunn's] best yet, and in it he demonstrates his possession of one of the most finely developed skills at world-building... Read it!"

—Frederik Pohl, bestselling author of *Gateway*, on *Transcendental*

"Gunn's best in years—quite possibly his best ever." —*Kirkus Starred Review* on *Transcendental*

"*Transcendental* shows exactly why Gunn attained Grandmaster status in the first place." —Paul di Filippo

New York, NY—Tor Books, an imprint of Tom Doherty Associates, LLC – the largest publisher of science fiction and fantasy in the world – is thrilled to announce the hardcover and eBook availability of **TRANSGALACTIC** (978-0-7653-8092-0; \$26.99; March 22, 2016), the latest novel in Hugo Award winner James Gunn's SF Grandmaster career and sequel to his first major novel in more than a decade, *Transcendental* (one of Kirkus's Best Books of 2013).

When Riley and Asha finally reached the planet Terminal and found the Transcendental Machine, a matter transmission device built by an ancient race, they chose to be "translated." Now in possession of intellectual and physical powers that set them above human limitations, the machine has transported them to two, separate, unknown planets among a possibility of billions.

Riley and Asha know that together they can change the galaxy, so they attempt to do the impossible--find each other.

An epic, character-driven, high-concept space opera, **TRANSGALACTIC** is a real departure for Gunn. It's a suspenseful novel with unexpected plot twists, set against a deeply spiritual quest—a grander scope and higher concept than anything he's done before.

ABOUT THE AUTHOR:

JAMES GUNN is the Hugo Award-winning science fiction author of *The Joy Makers*, *The Immortals*, and *The Listeners*, and the coauthor, with Jack Williamson, of the classic epic SF novel *Star Bridge*. He lives in Lawrence, Kansas, where he is professor emeritus of English at the University of Kansas. He is the founding director of KU's Center for the Study of Science Fiction. Gunn is also one of the last living Grand Master Award winners of the Golden Age of science fiction.

ABOUT TOR BOOKS:

Tor Books, an imprint of Tom Doherty Associates, LLC, is a New York-based publisher of hardcover and softcover books. Founded in 1980, Tor annually publishes what is arguably the largest and most diverse line of science fiction and fantasy ever produced by a single English-language publisher. In 2002, Tor launched Starscape, followed by Tor Teen, imprints dedicated to publishing quality science fiction and fantasy for young readers, including books by critically acclaimed and award winning authors such as Cory Doctorow, Orson Scott Card, David Lubar and Kendare Blake. Between an extensive hardcover and trade-softcover line, an Orb backlist program, and a stronghold in mass-market paperbacks, books from Tor have won every major award in the SF and fantasy fields. In addition, Tor Books has been named Best Publisher 26 years in a row in the Locus Poll, the largest consumer poll in SF.
